William Lloyd Garrison Esq.  
Boston Mass  
Dear Sir

61

Will you

paradise a stranger for asking  
two or three questions  
touching points mentioned  
in your recent public  
letter to Charles Sumner?  
1<sup>st</sup> Where can I see a record of  
the facts showing that after  
"the bones were set free under  
"Abraham Lincoln's proclamation  
"of emancipation he  
"Horace Greeley) was in favor  
"of paying \$400,000,000 to  
their former masters?

2<sup>nd</sup> Do you in speaking  
of Horace Greeley's "sentimental

views of Pease," desire to  
be understood as imph-  
-izing that his sentiments  
on the Pease question  
is an objection to his  
election to the Presidency,  
3<sup>rd</sup> Here you, previous to when  
-learn Lincoln's election to the  
Presidency, in favor of a sep-  
-eration of the free man of the  
slave states, permitting the  
latter to set up a separate  
government?

Hoping you will excuse  
the liberty I take of thus  
travelling <sup>you,</sup> and that you  
will find it in all respects  
convenient to answer me  
with a reply. I am

Very Respectfully,

E. E. Bratton

would refer to George  
Washington Dixon - more  
than twenty years my

and anti-slavery senti-  
ments.
